Preparatory Logistics

PURPOSE:

The FHWA Project Development and Environmental Review Office, the FHWA Arizona Division, Arizona DOT, NatureServe, and Defenders of Wildlife are jointly hosting a workshop to improve linkages between conservation and transportation planning (with an emphasis on long-range planning).

These workshops will emphasize the use of information, tools and methods that can be shared between the transportation community, and the resource and regulatory agencies at the local, State, regional, and national levels. We will feature information, tools and methods that are being used locally, as well as internationally. These workshops are aimed at demonstrating how the information and tools presented can save money and time by streamlining transportation projects and planning.

***NEW* LOCATION:**

This two-day workshop will be held in [The War Room of HDR's Phoenix Office located at 3200 East Camelback Road, Suite 350, Phoenix, AZ US 85018-2311 \(see map below\)](#).
